Gentlemen:-

Thanks for the photographic prints.

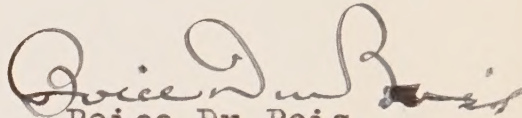

They will be used with due credit to your society.

However, in the interests of deadly accuracy,
will you kindly type the enclosed for me.

I am taking it for granted that there are no restrictions on the use of coins that are ancient, the same as the illegality which blocks the use of U.S. coinage.

If you will be kind enough to let me have the memorandum on the prints as soon as possible, I will certainly appreciate it.

Very truly yours

Boice Du Bois.

Dear Mr. Du Bois:

Many thanks for the booklet that you sent me. I was much interested in looking it over. Nearly every item relating to coins or money was inaccurate. I am telling you this so that you will not 'follow copy out of the window.'

Very truly yours,

Curator
